# Summer Vacation

**Dear parents,**

Holidays are the time when you get a chance to connect with your child in many ways. As you are your child's first and most important teacher, you can encourage your child's love of learning by participating in educational activities at home. Working together on the activities will help your child build confidence, learn to reason and develop skills necessary for his/her education. So, utilize this golden period of family reunion and strengthen your family ties with your kids and relatives. Gear up and utilize your time in the best possible manner.

**Dear Children,**
